Re: Suspension of West Virginia Medical License

Dear Dr. Jones,

On January 20, 2023, you were issued an expedited West Virginia medical license, License No. 4026, through the Interstate Medical Licensure Compact ("IMLC"). Your IMLC state of principal licensure ("SPL") is Wisconsin.

The Board has received notice that effective October 31, 2025, your North Carolina medical license was suspended by the North Carolina Medical Board pursuant to a Consent Order entered on October 31, 2025.

Accordingly, this letter is to inform you that your West Virginia medical license is automatically placed in suspension status pursuant to W. Va. Code §30-1C-10(d), which provides as follows:

(d) If a license is granted to a physician by a member board is revoked, surrendered or relinquished in lieu of discipline, or suspended, then any licenses issued to the physician by any other member boards shall be suspended, automatically and immediately without further action necessary by the other member boards, for ninety days upon entry of the order by the disciplining board, to permit the member boards to investigate the basis for the action under the Medical Practices Act of that state. A member board may terminate the automatic suspension of the license it issued prior to the completion of the ninety-day suspension period in a manner consistent with the Medical Practice Act of that state.

W. Va. Code §30-1C-10(d).

Letter to Dr. Jones
