Re: Suspension of West Virginia Medical License

Dr. Guirguis,

On November 8, 2023, you were issued an expedited West Virginia medical license, License No. 4207, through the Interstate Medical Licensure Compact ("IMLC"). Your license was subsequently renewed on June 30, 2025, and has an expiration date of June 30, 2027. Your IMLC state of principal licensure ("SPL") is Texas.

The Board has received notice that you permanently surrendered your Michigan Medical License in lieu of discipline effective on April 23, 2026.

Accordingly, this letter is to inform you that your West Virginia medical license is automatically placed in suspension status pursuant to W. Va. Code §30-1C-10(d), which provides as follows:

(d) If a license is granted to a physician by a member board is revoked, surrendered or relinquished in lieu of discipline, or suspended, then any licenses issued to the physician by any other member boards shall be suspended, automatically and immediately without further action necessary by the other member boards, for ninety days upon entry of the order by the disciplining board, to permit the member boards to investigate the basis for the action under the Medical Practices Act of that state. A member board may terminate the automatic suspension of the license it issued prior to the completion of the ninety-day suspension period in a manner consistent with the Medical Practice Act of that state.

W. Va. Code §30-1C-10(d).
