

BEFORE THE WEST VIRGINIA BOARD OF OSTEOPATHIC MEDICINE

WEST VIRGINIA BOARD OF OSTEOPATHIC MEDICINE

Complainant,

v.

Complaint No. 2017-14

BRANDON CESTARIC, D.O.,

Respondent.

AGREED ORDER

The West Virginia Board of Osteopathic Medicine (hereinafter referenced as the "Board") has initiated a complaint against the Respondent, Brandon Cestaric, D.O., alleging that he has engaged in conduct, practices and acts that may pose a risk to members of the public. After the Board has investigated the facts relating to this complaint and undertaken a discussion with the Respondent, the Board and the Respondent have reached an agreement as to an appropriate disposition of the complaint.

The West Virginia Board of Osteopathic Medicine and Brandon Cestaric, D.O. therefore agree to entry of the following Order:

FINDINGS OF FACT

The West Virginia Board of Osteopathic Medicine makes the following findings:

1. The Respondent, BRANDON CESTARIC, D.O., is a licensee of the Board, holding Board-issued license #1905 to practice osteopathic medicine and surgery in the State of West Virginia.
2. On July 25, 2016 the Board was notified by the West Virginia Medical Professionals Health Program (hereinafter referenced as "WVMPHP") that the Respondent suffered a level 2 relapse, and fell out of compliance with his Continuing Recovery Care Agreement. The Respondent admitted the use of alcohol on or about July 14, 2016.
3. Following Respondent's relapse, Respondent entered into a consent agreement with the Board on March 14, 2017, which included an agreement to participate in, and abide by

the terms of, a substance abuse program, and a six-month suspension of Respondent's license to practice osteopathic medicine and surgery in the State of West Virginia.

4. Respondent violated the March 14, 2017 consent agreement by testing positive for testosterone use in violation with his Continuing Recovery Care Agreement with the West Virginia Medical Professionals Health Program.

5. The West Virginia Board of Osteopathic Medicine finds that the Respondent's continued practice of osteopathic medicine requires a program of recovery, treatment and monitoring under terms that may be revoked or modified at any time that there is probable cause to believe that such program should be modified.

2. I have the right to consult a lawyer concerning the terms of this agreement and the legal rights and remedies that may otherwise be available to me.
3. I understand that I have a right to a hearing regarding any charges against me or any action taken against my license. The West Virginia Board of Osteopathic Medicine may not suspend, revoke or take any other disciplinary action regarding my license unless one of three conditions occur: 1) I give my consent to entry of an order restricting, suspending or revoking

4. I understand that, instead of accepting this agreement, I may demand that the Board of Osteopathic Medicine prove the charges against me by presenting evidence in a hearing conducted under law. If I chose to have a hearing, I would not have the burden of proof. I could, however, present evidence in my own behalf and I would have the right to cross-examine any witnesses who might testify against me. I also understand that I have the right to subpoena witnesses and records in order to compel their production at the hearing.

6. I understand that this is a public document and that the Board is legally obligated to allow any person to review this Consent Order. I also understand that this action and order may be reported to other jurisdictions and to the National Practitioner Data Bank and to the Federation of State Medical Boards.
