Aman Patel, D.O.

Re: Suspension of West Virginia Medical License

Dear Dr. Patel:

On August 15, 2022, the West Virginia Board of Osteopathic Medicine ("Board") issued you an expedited medical license, License No. 3948, through the Interstate Medical Licensure Compact ("IMLC"), which was subsequently renewed and has an expiration date of June 30, 2026. Your IMLC state of principal licensure is Texas.

On October 23, 2024, the Board received notice that your medical license in Maryland was summarily suspended by the Maryland State Board of Physicians. Your Maryland license was issued pursuant to the IMLC.

The purpose of this letter is to inform you that your license to practice osteopathic medicine and surgery in the state of West Virginia is automatically suspended pursuant to the IMLC Rules and W. Va. Code § 30-1C-10(d), which provides:

If a license granted to a physician by a member board is revoked, surrendered or relinquished in lieu of discipline, or suspended, then any licenses issued to the physician by any other member boards shall be suspended, automatically and immediately without further action necessary by the other member boards, for ninety days upon entry of the order by the disciplining board, to permit the member boards to investigate the basis for the action under the Medical Practice Act of that state. A member board may terminate the automatic suspension of the license it issued prior to the completion of the ninety day suspension period in a manner consistent with the Medical Practice Act of that state.

Please be advised that you are prohibited from practicing osteopathic medicine and surgery in the state of West Virginia while your license is suspended.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jonathan T. Osborne".

Jonathan T. Osborne
Executive Director
West Virginia Board of Osteopathic Medicine
